**Request to Award Locally Verified Credit**

Standards of Learning Assessment results in science and history/social sciences may be reviewed for the awarding of locally verified credit if they meet the following criteria:

- Beginning with the ninth grade for 2003-2004 and beyond;
- Pass the high school course and not pass the related Standards of Learning test;
- Take the Standards of Learning test at least twice;
- Score within a 375-399 scale score range on any administration of the Standards of Learning test.

If you choose to have a student's test results reviewed, please complete and submit the following information to the Coordinator for Guidance and Career and Technical Education.

I request the review of the following Standards of Learning Assessment for the awarding of local verified credit and understand that these credits may not be applied to an Advanced Studies diploma:
